

**CertiPUR-US®** is a not-for-profit certification program for foam used in mattresses, bedding products and upholstered furniture. Certified flexible polyurethane foams meet CertiPUR-US® program standards for content, emissions and durability, and are analyzed by independent, accredited testing laboratories.

### It's like a health check-up for foam!

#### Certified foams are:

- ✓ Made without ozone depleters
- ✓ Made without PBDE flame retardants
- ✓ Made without mercury, lead and other heavy metals
- ✓ Made without formaldehyde
- ✓ Made without phthalates regulated by the Consumer Product Safety Commission
- ✓ Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million)

#### CertiPUR-US® foam certification is based on:

- Standardized chemical analysis
- Emissions evaluation
- Environmental guidelines
- Physical performance testing
- Pledges of compliance
- Random compliance verification
